# I've Got Some GREAT Ideas!

# What Will I Do With Them?

The Idea I want to share within my Chamber Board/Staff:

What are the advantages of this idea?

Who do I want to share it with?

Name	Member Type	Perceptions/Mindset

How would it benefit those I share it with?

What objections might I get to this idea?

What responses could/can I give?

What can I do on a small scale/pocket of greatness?
